REPORTS

Lieutenant Russell was asked about civil infractions and what is involved in a liquor inspection. He explained what constitutes a civil infraction. It isn't just speeding tickets; it can be equipment violations, accidents, etc. He explained that there are a variety of things that constitute a liquor inspection. They check to make sure the businesses are compliant with their licensing, are the licenses displayed, are they checking ID's etc. Manager Dood explained that annually we need to account to the State of Michigan on our Liquor Inspections. We receive funding for these inspections.

Manager Dood also added that Officer Hansen has taken a position with another County and Officer Kelley will be stepping into the open position.

DPW Supervisor Bucholtz did not add to his written report.

Manager Dood and Brian Bucholtz answered questions for OIC Smith who was not present. It was mentioned the drain near 137 Washington has a terrible smell. There will be a vac truck in town soon and we will have them check the situation out. Brian added the sewer pump has been repaired and back in business.

Manager Dood added that EGLE has accepted our written plan and is going to allow us to continue to monitor the Sewer Lagoons. We also have been awarded the DWAM grant for roughly \$185,000. This will verify Lead and Copper lines and we will be able to get started in the next few weeks with that project. Summerfest is going to be June 17th - 19th. The Summerfest committee will notify the downtown businesses and residents about street closures. The downtown area will be closed off for the carnival. The Ski Show is taking place this weekend and we are very excited about this event. Steve Charnley and Dean Gilbert have put together a music event for Wednesday the 23rd at Lakeside Park.
